

## **Prayer for New Community**

*St. Michael the Archangel, with your light, illuminate us; St. Michael the Archangel with your wings, protect us; St. Michael with your sword, defend us in the Divine Will; Pierce us with your sword of truth.*

Holy Father I come to You on bended knee, in humble adoration before Your most awesome presence in Your Most Holy and Divine Will to ask You to admit me into Your Kingdom, so I may be an instrument to bring Your Kingdom to earth. Place me deep within Your heart, breathe in me Your very breath, flow Your blood through my veins and place in me Your very life so Your Kingdom will be brought forth through me.

Make me Your altar of sacrifice so that Your fire and love will burn in me, Your fire of love will burn in me now and throughout all eternity.

Make me a mirror of Yourself to be a holy prism of light, and create in me Your ocean of mercy, so that Your Kingdom of the Divine Will will flow through every human being as a river of light. Let our heartbeats be as one, our breath as one, and love from Your heart fill me in every moment of my life from this moment forward. Father it is Your Divine Will that desires that the Kingdom come. United in prayer with every heart of good will, all the angels, all the souls in purgatory, and those not yet born, I implore that You allow the ***Benedictine Daughters of the Lamb of the Divine Wound***, of religious and laity be born, let it come, let it come to life. Let it come forth from Your heart and become flesh upon the earth. Allow the divine graces to be released, so that this place of holiness and love will be the fruit of our love for You, because it is the fruit of Your love for us. For we love You because You loved us first. Thank You Father. I praise You for this most precious gift, and for allowing me to be a building block in your Kingdom on earth.
